ELECTION NOTICE.

TO THE ELECTORS OF ONEIDA COUNTY:

OFFICE OF COUNTY CLERK, OCT. 21, 1902.

Notice is hereby given that a general election is to be held in the several towns, wards and election precincts in the county of Oneida on the 4th day of November, 1902, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to this office, are given opposite the title of the office and under the appropriate party or other designation, each in its proper column, and the questions submitted to a vote are stated below.

INFORMATION TO VOTERS.

The following instructions are given for the information and guidance of voters: A voter upon entering the polling place and giving his name and residence, will receive a ballot from the ballot clerk which must have enclosed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot, the voter must retire alone to a booth or compartment and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. If it be a general election these words are to follow: The voter, if he wishes to vote for all the candidates nominated by any party, should make a cross mark X under the party designation printed at the top of the ballot in a circle made for that purpose. A ballot so marked, and having no other mark, will be counted for all the candidates of that party in the column underneath; unless the names of some of the candidates of the party have been erased or a cross mark be placed in the square under the name or at any place in the space occupied by the name or names of candidates in another column, and will be counted for any name written in lieu of one erased. If the voter wishes to vote for some of the candidates of different political parties, he should make a cross mark under the name of each candidate he desires to vote for, or in any place within the space in which the name is printed. If he wishes to vote for a person for a certain office whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. The ballot clerk is or may be permitted to assist the voter in marking his ballot can be taken into the booth and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked it should be folded so that the inside cannot be seen, but so that the printed endorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box, and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability, he is unable to mark his ballot, can have assistance of one or two election officers in marking the same, to be chosen by the voter; and if he declares that he is totally blind, he may be assisted by any person chosen by him from among the legal voters of the county. The presiding officer may administer an oath, in his discretion, as to such person's disability. The party designations and candidates for the different offices are, for example, as follows:

The people of Oneida county know him and they know his fitness and experience makes him the very best man for County Clerk they can elect.

COUNCIL PROCEEDINGS.

Official Publication.

At an adjourned meeting of the city council held on the 21st day of Oct., 1902.

Meeting called to order by the Hon. Mayor Fred. Anderle at 8:30 p. m.

Roll call and the following aldermen answered the call: Barnes, Ball, Divers, Gilligan, Olson, Swedburg, Johnson, Koepcke, Smith and Stumpner.

The comptroller's report of expenditures of last year were presented and read.

To the Mayor and Common Council of the City of Rhinelander:

I hereby submit my report of the expenditures of the several departments of the city for the year ending Aug. 31st, 1902.

Salaries of Officers.....	\$2,113 72
Streets and Sidewalks.....	3,511 65
Fire Department.....	4,503 81
Police Department.....	2,013 92
Water Works.....	9,417 96
Elections.....	323 10
Health Department.....	329 13
Street Lighting.....	3,276 40
Printing.....	111 70
Sewers.....	231 32
Cemetery.....	709 58
Rent.....	610 84
Interest.....	338 38
Miscellaneous.....	19 69
Stationery.....	546 91
Park.....	271 98
Library.....	3,650 12
Bridges.....	2,075 00
Water Works Extensions.....	2,075 00
Total.....	\$36,186 12

Moved by alderman Divers seconded by alderman Johnson that the report of the comptroller be accepted and placed on file. Carried.

Report from the Library Board was read. To the Common Council: GENTLEMEN—

The Library Board respectfully report that the following is an estimate of the necessary expenses of the Library for the ensuing year.

Salary of librarian.....	\$600 00
Janitor.....	25 00
New Books.....	300 00
Replaced Books.....	25 00
Binding Books.....	75 00
Reading Table.....	25 00
Insurance.....	25 00
Stationery, express, freight, mending material and catalogue supplies.....	25 00
Total.....	\$1,100 00

The Library since it was reopened five months ago has shown the following growth, as the result of being open daily and under a trained librarian.

REGISTRATION.

Total registration Sept. 30.....\$600

Registration before Apr. of this No. 350. Increase 444.

In short, more than twice as many people are using the Library as did before April.

Number of readers between 7-18 years is 402.

The increase in the number of children using the Library has been especially noticeable.

The children of grades 2 and 3 made so large a demand upon the Library, that many books for children of that age had to be purchased the first of July and were in constant use during the vacation. Many of these children may not be able to attend school more than four more years and every effort ought to be made to encourage their use of the Library.

ADDITION TO BOOKS.

Books added by purchase.....	161
Books added by gift.....	20
Total.....	181

Total number of books in the Library 1901, pamphlets added by gift 205.

MAGAZINES.

Hundreds of magazines were given to the Library in May and from these were obtained thirty complete volumes now waiting to be bound. The library needs to enlarge its file of bound periodicals as they have a great value of reference work. From magazines not needed for the bound file were taken articles, and put into pamphlet covers. Two hundred of these are now ready and in use in the schools.

READING TABLE.

Fourteen current periodicals are upon the reading table; seven by purchase and seven by gift.

CIRCULATION.

Total circulation from April 26—Sept. 30.....	6,854
Average monthly circulation for the five months.....	1,336
Average monthly circulation before April.....	669
Largest monthly circulation was in June.....	1,595
Largest monthly circulation at any time before April was.....	976
All of which were respectfully submitted,	
Sam S. Miller,	
President of Library Board.	
Mary Howe Shelton,	
Secretary of Library Board.	

Moved by Alderman Stumpner and seconded by alderman Smith, that the report be accepted and placed on file. Carried.

Communication from E. Pennington 2nd Vice President and General Manager of the M. St. Paul and Sault Ste. Marie R'y was read.

Oct. 6th, 1902.

To the Mayor and Common Council of the City of Rhinelander, Wis. GENTLEMEN—

As you know we moved a division point from Pennington, Wis. a point east of Rhinelander to a point west of Prentice giving it the same name.

This has proven to be wrong location as regards distance, and we have decided after a large expenditure at Pennington, of probably \$100,000.00 To abandon that point and locate elsewhere and that point of location lays between the old site east of Rhinelander or at Rhinelander.

If we locate at the site of Pennington we will be obliged to abandon everything put in at Rhinelander.

I have very carefully looked over the situation at your city, and find that should we decide to locate there it will be necessary for us to have additional ground, and the company will also be obliged to expend considerable money in reducing the grade at the east end of the yard. As far as grades are concerned Rhinelander is a very poor location, and should we locate there it would mean an expenditure of considerable money to reduce this grade.

I have about decided that if the citizens of Rhinelander will procure the ground as outlined on a map and shown to Mr. Paul Browne, and donate the same to this company, vacating certain streets and alleys as shown him we will abandon our present division point at Pennington and establish it at Rhinelander.

We would like very much to make the change this fall and if anything is done it should be done at once.

An early reply will be greatly appreciated.

Yours Truly,
E. PENNINGTON,
2nd Vice Pres't and Gen'l Manager.

Another letter of same date was read.

Oct. 6th, 1902.

Mr. Paul Browne,
Rhinelander,
Wisconsin.

DEAR SIR—

Referring to our conversation of Oct. 6 in regard to procuring ground at Rhinelander.

As I understand it this cannot be done by taxation, and equally distributing the expense, and coming from such people whom it would benefit the most, it will be quite an undertaking for your city to raise the amount of money. I will, therefore, on behalf of this company guarantee to pay toward the purchase of this property not to exceed \$6,500.

Yours Truly,
E. PENNINGTON,
2nd Vice Pres't and Gen'l Manager.

Moved by Alderman Stumpner and seconded by Alderman Johnson that the proposition of Mr. E. Pennington be accepted. Carried. All the aldermen voting aye.

Moved by alderman Stumpner seconded by alderman Swedburg that a recess of 15 minutes be taken to fix up the levy for the ensuing year. Carried.

After the council was called to order the following resolution was read: Resolved by the Common Council of the City of Rhinelander that the following tax is hereby levied in and for the city of Rhinelander for the year beginning September 1st, 1902.

Salaries of officers.....	2,100 00

Offered and passage moved by Louis Stumpner.

Alderman.

Moved by Alderman Swedburg and seconded by Alderman Olson that the recommendation by ald. Stumpner be accepted. Carried. All the aldermen voting aye.

Resolution offered by Alderman Gilligan was read:

Resolved that the Board of Public Works are instructed to have the water main on Prospect street extended to the west 300 feet with one hydrant.

W. H. Gilligan,
Alderman.

Moved by alderman Smith and seconded by alderman Koepcke that said resolution be adopted as read. Carried. All the aldermen voting aye.

Resolution offered by Alderman Barnes was read:

Resolved that an order be drawn to the Rhinelander Advancement Association for the \$3,000 raised for such company's stock, such money to be used by said association only in aid of the manufacturing company purchasing the Kirk plant.

C. F. Barnes,
Alderman.

Moved by alderman Swedburg and seconded by alderman Olson that said resolution be adopted as read. Carried. All the aldermen voting aye.

Petition from the 5th ward was read. The same petition being to grade and gravel Oneida avenue, said petition being referred to the Board of Public Works at our last regular meeting, who recommended

that said street be improved at once.

Moved by alderman Divers and seconded by alderman Koepcke that same recommendation be accepted. Carried. All the aldermen voting aye.

The following bills were presented:

Order No.	Name	Amount	Amount Paid

Nebraska has a gentlemanly set of train robbers. After robbing a passenger they shake him by the hand and compliment him for his liberality.

A Philadelphia paper proves that fried potatoes produce more indigestion than any other "culinary sin." We thought as much. The friers must go.

It is darkly hinted that there are terrors accompanying the use of alum as a clarifying agent of which we have no conception. The things of which we have no conception are indeed terrible!

The finding of The Hague arbitration court against Mexico in the Huef matter involves the payment by Mexico to the United States of \$13,150 annually forever. The amount is not great, but forever is a long time.

There is a dearth of surgeons in the regular army, especially in the junior grade. The rank of an assistant surgeon is that of first lieutenant, and it commands \$1,600 per year. Very young doctors are very slow to accept it, preferring to take their chances of working up a practice in civil life.

The criticism of the scheme to cut down the college courses is taking the characteristically American humorous form. The New York Tribune, for instance, alludes to the proposed college terms as "educational tabloids." Being the best of wit, this will pass, whether the candidate for a degree does or not.

Andreas Chrometz, a Hungarian, now in a walking tour around the world, was recently in Canada. From there he proceeded to New York, and then to strike west. His route lies by way of St. Paul into Canada again. Mr. Chrometz is a wiry-looking little man and looks fit for his task, which he expects to finish in about four years.

Perrine's comet, which was discovered September 1, is coming toward the earth at the rate of 2,000,000 miles a day. If it were to continue at that rate a smashup with our globe might be anticipated. But the astronomers assure us that before long it will swing around and go the other way. So one need dread the fiery missile.

There were young heroes in the civil war. Gen. Stewart, the new commander-in-chief of the Grand Army of the Republic, is barely past 24 years of age. And as the war ended more than 27 years ago his youthfulness while fighting for his country can be demonstrated by a simple arithmetical calculation. But he seems to have been a full grown man as a soldier.

It is a fact proved by drink statistics that America is becoming more temperate, but the best authorities do not attribute the improvement to the effects of legal penalties. Hard drinkers are no longer countenanced by desirable society. This is a reforming force, and a stronger one yet is the increasing demand in many lines of business for men who are always sober and reliable.

Andrew D. White has written for the Century a history of the "Carlist" party, which was made of Port Dodge pygmy. This calls for a letter to James D. Hayne to the New York Sun. Mr. Hayne says in four years ago on whom in a popular resort near El Paso, Tex., it was lying in a big box, broken in several places, and exposing at the fractures the iron rods by which the "petrification" was internally fortified. The "petrified" has been abandoned by its owners, who were intending to exhibit it in Mexico.

Denise A. Beardon is Boston's most remarkable blind man. He has been sightless for 20 years, but he is a successful architect, and buys all the goods for the Perkins institute. Mr. Beardon is the architect of 13 completed buildings designed for the Perkins institute. By passing his fingers over the tracing paper he is able to feel the lines, and he is able to tell whether the idea has been carried out as he intended. Mr. Beardon carries a watch without a crystal and is never at a loss to know the time.

The tragic death of two men in Paris a few days ago, adding to a long list of such casualties, does not tend to increase general confidence in the claim that aerial navigation is near at hand, and the statement that "the experiment would have proved a complete success" but for the accident will be received with many grains of allowance. Until the world has experiments with ships which are "successful" without accident it will not be ready to accept with unqualified belief the claims of enthusiastic inventors of aerial machines.
